

Allimat

Safety and fatigue relief matting

- Safety: ribbing in each direction provides extra grip, both to the floor and to the people or traffic using the matting. Allimat readily conforms to floor contours.
- Fatigue relief: The ideal flooring for workstations, Allimat fights against operator fatigue when standing for long periods and insulates from cold.
- Noise reduction: noise levels are reduced dramatically on hard floors such as concrete, steel and tiles.
- Reversible: for double working life. An optional edging strip is available, Allimat is supplied in 5 m (16.4 ft) and 10 m (32.8 ft) rolls of 0.6, 0.9, 1.2 or 1.5 m (2.0, 3.0, 4.0 or 5.0 ft.) widths.
